Newsletter 49

Welcome to our 49th edition. Belgisaan and the people of North-East Thailand thank you for your support.

News about the work of Belgisaan during the Corona period :

Due to the Corona, the school year in Thailand started on July 1 2020. We cannot go to Thailand now. This will not be a problem for the scholarship of the students : the students will get their scholarship, as well as the new students who will be selected. The work of Belgisaan will continue in Thailand thanks to our Thai member Jirawan : she is since a few years retired from Esarn Technology College in Udon Thani and collaborate with us in Thailand already many years in the different schools and knows very well the way of work of Belgisaan. She will visit all the sponsored students of Belgisaan begin of July to pay their scholarship and will also select the new ones. We trust her 100%. We will also be present sometimes during her school visits by video-messenger.

If you know some people who wants to sponsor a student, please let us know!
There are always students who wait to be sponsored.

Here some pictures of Jirawan in the schools when she collaborate with us :

Active in the schools :

As well the students of primary 6 of the school of Slijpertje (see pictures Newsletter 48) as those of the school Sint-Lutgardis of Westende (see picture on the right) did an activity to collect money for the scholarship of their Thai student. Congratulation! Onpreya, sponsored by the school of Westende is graduated : they will sponsor a new student.
